RE: Inspection of the South River Drinking Water System at 28 Howard St., South River, ON on June 25th, 2024 | Planned Event No. 1-328895948

Attached to this letter is the report for the recent announced inspection completed at the South River Drinking Water System at 28 Howard St., South River, ON on June 25th, 2024. The corresponding Incident Rating Report (IRR) and Risk Methodology document are to follow in a separate email. This report provides an assessment of compliance and conformance based on observations and information available during the inspection review period only.

CORRECTIVE ACTIONS

Instances of non-compliance and/or non-conformance were not identified during the inspection. There are no further actions required on your part and the inspection can be considered closed.

The IRR is a summarized quantitative measure of the drinking water system's annual inspections and is published in the Ministry's Chief Drinking Water Inspector's Annual Report. The Risk Methodology document describes the risk rating methodology which has been applied to the findings of the Ministry's municipal residential drinking water system inspection results.

If you have questions or concerns, please contact me by email at erin.spires@ontario.ca or by telephone at 705-358-1316.

Sincerely,

Erin Spires
