

Prospective Medical Centre Board Member — Role Profile

As a member of the South River–Machar Medical Centre Board of Management, you will help provide **oversight** of the centre’s facilities, finances and operational needs. Working with fellow board members, staff and healthcare providers, you will:

- Attend board meetings, review reports and participate in discussions and decisions.
- Review and approve payment lists and monitor budget reports.
- Oversee building maintenance, custodial services, equipment and emergency preparedness.
- Support discussions on physician recruitment and continuity of local healthcare services.

The role suits someone with an interest in local healthcare, sound judgment and a practical, collaborative approach. The focus is supporting the centre’s operations and facilities, rather than directing patient care
